No. CS-01/ NGO/ 2019/ 001

Dated 16th March, 2020

At a time when every agency of the Government of Nagaland along with associate NGOs are taking all measures to prevent as well as prepare the State in its combat against the spread of COVID-19, it is most unfortunate that some unscrupulous persons are spreading rumours and creating panic through the use of social media regarding infections confirmed in the State. All steps be taken to ensure that such persons are immediately booked and action taken as per appropriate sections of law. Necessary clearances be taken for identification of such elements.

Latest report may be submitted by 0900 hrs. of 17th March, 2020, and twelve hourly thereafter.
